or the three Quarters of the year 1884-85,
 and also the monthly data therefor for
 4th Quarter, as above specified.

3. From the foregoing table, it will be seen
 that the total deficit sales for the
 year amounted to Rs 28,568-1-3.
 Against this sum Government has
 under the terms of the agreement,
 to allow the Renters a set off of Rs 14,448-2-10
 from the excess sales, so that the Renters
 have suffered only a net loss of
 Rs 14,119-14-5 on the whole year's trans-
 actions. This is equivalent to a
 reduction on the rates allowed for

Costs and profits of Renters for How
 @ Rs 1/1, and Taluks @ 1-2--; to the ex-
 of, one anna on the average num-
 of gallons issued in 1884/85 viz. on
 219385-gp from the Distillery. The loss
 however is but nominal, as it has
 been more than recouped from the
 very favorable rates at which Jagg
 was, on an average, bought during
 the year and which even now Consis-
 = ing the gloomy out-look of the season
 is but one Rupee one anna per man
 for very good Cane jaggory.

4. To the net sum to be recovered for
 the renters, the following charges will have
 also to be added vide references quoted
 in the margin.
